

BEYOND SPORT

a true unpacking of the
HPE curriculum

COST
\$50pp
includes
lunch

An array of thought provoking speakers will leave you challenging your current school practices in the HPE space.

When tamariki/student wellbeing is prioritised, this creates space for them to learn to the best of their ability and experience success. We are fortunate in New Zealand to have a curriculum dedicated to empowering learning through wellbeing - health and physical education has at times been overlooked but it is time this changed, and we will show you why!
